Ugh !!

I heard from House Science folks. Although I've provided the updated information about what's going on in Dimock, staff still want to talk to a warm body. I explained to staff any call we have with them would include SEPW, and HEC. They have agreed.

Can you look at some times for next week? Thanks.

Pamela

Pamela - Laura Mohollen, our VA liaison, will follow up on this issue. Would you like us to get back to the staffer directly, or would you like us to get you the info so you can respond?

Thanks!
Jennie

Subject: Request from Congressman J. Randy Forbes

I got a call from staffer Reed Eckhold about the status in an ongoing EPA/Commonwealth of VA issue with Titan America. Reed described the problem as there may be concern with land purchase. The site was a former brownfields site and there are liability concerns.

Reed is looking for any update we can provide on progress. Thanks.
